HOW TO FURNISH THE HOME

DAVID JONES LTD

SYDNEY

CARRIAGE AND FREIGHT.

We do not pay carriage on Furniture, Floor Coverings, and Kitchenware outside of Sydney, but will always estimate for same.

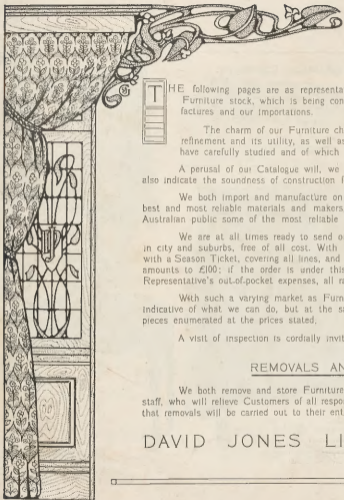

If desired we will pack Furniture in our Pantechnicon and put it bodily on the rail so that all that is necessary to be done is to harness horses to the van at the other end.

Special Prices will be given for this work.

PACKING.

We pack all Furniture most carefully, and charge only for the costs of materials employed and the cases, which we are prepared to credit if returned; making no charge for labour.

We deliver FREE to the Sydney Railway Station, or to Darling Harbour, and Coastal and Interstate Steamers, booking through to destination, but do not pay carriage or freight.

JULY, 1909

THE following pages are as representative as we are able to make them of our Furniture stock, which is being continually added to, both from our own manufactures and our importations.

The charm of our Furniture chiefly consists in its comfort, its decorative refinement and its utility, as well as its ornamental value. These are points we have carefully studied and of which we are admitted to have great experience.

A perusal of our Catalogue will, we think, reveal a tastefulness in design and also indicate the soundness of construction for which our goods are so well known.

We both import and manufacture on the most advantageous basis, and from the best and most reliable materials and makers, and are therefore able to place before the Australian public some of the most reliable and choicest Furniture at economical prices.

We are at all times ready to send our representative to estimate for Furniture in city and suburbs, free of all cost. With regard to country business we supply him with a Season Ticket, covering all lines, and make no charge for his services if the order amounts to £100: if the order is under this amount, we only charge the cost of our Representative's out-of-pocket expenses, all railway fares being paid by us.

With such a varying market as Furniture, the illustrations can only be taken as indicative of what we can do, but at the same time we will at any time supply the pieces enumerated at the prices stated.

A visit of inspection is cordially invited.

REMOVALS AND STORAGE

We both remove and store Furniture, having a Pantechnicon and a competent staff, who will relieve Customers of all responsibility, and they may accept our assurance that removals will be carried out to their entire satisfaction.
